# ABOUT US

SRR Aqua Suppliers is the prominent manufacturers of floating docks (pontoons) in India. Our floating docks are a true force to be reckoned with. We have been serving our customers with the mission of making time on the water better than ever. At SRR Aqua Suppliers, we take care to select only the most premium materials so that your floating docks not only stands well, but also looks fantastic.

Our product is manufactured with virgin high density polyethylene (HDPE) by giving UV treatment– therefore designed to withstand exposure of sunlight, water and other elements. With its anti-static, anti corrosive properties and skid resistant surface, making it an excellent and long lasting product.
